

To

Whomsoever it may concern

Dated: 01.10.2019

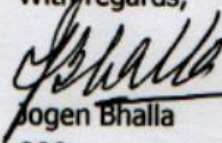

Dear Sir/Madam,

I am pleased to confirm that we worked with Allport International in India as our exclusive project partner for the supply of Propylene Refrigeration Package for the Lubrizol Zeus project awarded to Jacobs USA in 2017.

Although the EPC contractor and project destination was in the USA, and thus most dealings , particularly front-end were directly with the offices in the USA, Allport provided highly valuable techno-commercial support through the extensive back-office involvement of Jacobs in India.

Allport's support was very critical in eventually being awarded the contract and we were very satisfied with the assistance provided at the various parts of the bidding, evaluation and eventual award of the project.

With regards,

Jogen Bhalla
